# Average class size, 2023

The Class Size Reduction Program has significantly reduced average class sizes for Kindergarten to Year 2.

- In 2023, Kindergarten classes have a statewide average of 18.4 students. This is an average reduction of 5.7 students since 1997 and 3.7 students in the 19 years since the staged implementation of the Class Size Reduction Program commenced in 2004.
- The average class size, Kindergarten to Year 6, is 23.3 students in 2023. This is 3.6 students fewer than in 1997 and 2.9 students fewer than in 2004 when the Class Size Reduction Program commenced.

**Notes:**

- Class size audits were not conducted in 1998, 1999, 2000 and 2001. Data for 2002 to 2003 and 2011 to 2015 is available on request.
- Data for 2020 should be treated with caution. The collection took place in March when schools were impacted by COVID-19, so fewer data checks were carried out.
- Students attending schools for specific purposes (SSPs), students in support classes in regular schools and distance education students are excluded from average class calculations.
- The average class size for each year level is calculated from regular and multi-age classes that contain a student from that year level. This can result in a lower Kindergarten to Year 6 average class size than any individual year level.
- From 2017, school size is based on primary enrolment rather than school classification.
- Historical data provided in Table 1 is not updated annually and is presented as it was calculated in that year.
- Schools change size, so data in Table 2 is not necessarily comparable to previous iterations in earlier fact sheets.
