Web service description

The NSW Administrative Boundaries web service is a dynamic map of administrative boundaries.

Administrative Areas Boundaries depict a polygon feature class within the NSW Digital Cadastral Database maintained by LPI.

The administrative boundaries provided through this web service includes:

- Counties
- Suburbs
- Parishes
- Local Government Areas
- State Forests
- National Parks
- State Electoral Districts.

Web service uses/fitness for purpose

This web service allows users to easily integrate NSW Administrative Boundaries into Open Geospatial Consortium (OGC) compliant spatial platforms and applications.

Administrative Boundaries can be used to aggregate information for analytical purposes. Administrative boundary data in combination with geo-coded address data, demographic information and agency specific business information underpins the ability to perform high quality spatial analysis.

Current state	This web service is current and complete.
Update frequency	As required.
Future development	This web service is updated when new information is captured or sourced by LPI.
Standards and specifications	OGC compliant and suitable for consumption by common GIS platforms. This dataset is compliant with the NSW Foundation Spatial Data Framework and its specifications.
Access and licensing	<p>Accessible through LPI Spatial Data Services.</p> <p>To the extent that Creative Commons licensing applies, all data and other material produced by LPI constitutes Crown copyright.</p> <p>Save for the content in this web service supplied by third parties, the LPI logo, NSW Government logo, the Commonwealth Coat of Arms, and any material protected by a trade mark. LPI has applied the Creative Commons Attribution 3.0 Australia Licence.</p> <p>LPI asserts the right to be attributed as author of the original material in the following manner:</p>  <p>© Land and Property Information [Year]</p> <p>As far as practicable, material for which the copyright is owned by a third party will be clearly labelled.
